

# 2027 BCBA Requirements

Changes to BCBA certification eligibility and maintenance have been outlined in three BACB Newsletters over the past three years: [March 2022](#), [September 2023](#), and [March 2025](#). This document provides a high-level summary of the requirements, including key changes that will take effect on January 1, 2027. Beginning in 2027, individuals applying for or maintaining BCBA certification must also meet all other relevant requirements described in the [BCBA Certificant Handbook](#).

## 2027 Eligibility Requirements

Beginning January 1, 2027,\* individuals may apply for BCBA certification through one of two pathways:

Overview of Eligibility Pathways		
	Pathway 1: Accredited or Recognized Program	Pathway 2: Behavior-Analytic Coursework
<b>Degree</b>	Master's degree or higher from an APBA-accredited program or an ABAI-accredited or recognized behavior analysis degree program ( <a href="#">ABAI Tier 1, 2a, or 2b</a> )	Master's degree or higher
<b>Behavior-analytic content</b>		Behavior-analytic coursework
<b>Fieldwork</b>	Practical fieldwork in applied behavior analysis	Practical fieldwork in applied behavior analysis

### Pathway 1

#### Degree

- a master's or doctoral degree earned in 2015 or later from a program that was [accredited](#) or recognized by the [ABAI under Tier 1, 2a, or 2b](#).

For example, your degree would meet this degree requirement if you earned a master's or doctoral degree in 2018 from a program that was accredited from 2016 to 2022.

## 2027 BCBA Maintenance Requirements

To maintain your BCBA certification, you must obtain ongoing continuing education (see the following section); adhere to the BACB's ethics requirements and self-reporting requirements; and submit a recertification application every two years before your recertification date. All other maintenance requirements are outlined in the [BCBA Handbook](#).

### Continuing Education Requirements

To maintain your BCBA certification, you are required to obtain 32 continuing education units (CEUs) within each 2-year recertification cycle, including 4 CEUs in ethics and 4 CEUs in supervision (for supervisors). As of March 2025, the definition of Ethics CEU was expanded and clarified as follows:

Ethics continuing education is defined as (a) events related to the BACB's [ethics requirements](#) and/or (b) events related to cultural/contextual responsiveness. The content must relate to behavior-analytic practice or applied research and be directly linked to the behavior-analytic literature and/or established practice. To qualify as Ethics continuing education, most of the event must focus on ethics or cultural/contextual responsiveness. Continuing education events that only briefly reference the BACB's ethics codes and primarily cover unrelated content should not be offered as Ethics continuing education.
