

BCBA Application for Voluntary Inactive Status

Overview

BCBAs who are granted voluntary inactive status may remain inactive for up to 4 years. Individuals who have inactive status will be listed as inactive in the [Certificant Registry](#) and will not be verified as having active BACB certification. These individuals may refer to their credential as “BCBA-D (Inactive)” or “BCBA (Inactive).” An inactive certificant is strictly prohibited from practicing or billing as a BCBA or BCBA-D. In addition, inactive BCBAs will not be required to submit recertification applications (including fees) while inactive.

BCBAs who wish to request this status will need to (a) be in their recertification window and (b) have completed continuing education for their recertification cycle (prorated to the month). For example, if a BCBA is 12 months into their current certification cycle, they would need to complete 16 CEUs by the time this application is submitted.

Returning from Voluntary Inactive: When an BCBA wishes to reinstate their certification, the BCBA will need to:

- 1) Submit a [Request to for Return from Voluntary Inactive Status](#) (including fees) to the BACB and
- 2) If they have been inactive for more than two years, complete 8 hours of CEUs in the 12-month period prior to reactivation.

After their certification becomes reactivated, their recertification cycle will restart where it was paused. For example, if the BCBA went inactive 8 months into their cycle, they will have 16 months until they need to recertify again (and meet the [recertification requirements](#)).

If a BCBA fails to return from inactive status, their BCBA certification will expire and they will be required to requalify under the then-current [requirements](#) to become certified again.
