If you have any questions while completing your applications, please contact us at applications@bacb.com or 720-438-4321.

You should mail your application by a verifiable method of delivery that includes tracking and delivery confirmation. The BACB will respond to your application when it is processed. However, we receive a large volume of mail and cannot confirm receipt of individual packages. The BACB requires original signatures on paper applications. The BACB will not accept applications that are sent by fax or e-mail.

BACB certification provides standards for behavior analysts practicing in the United States and worldwide. We seek to include certificants from throughout the world in our job analysis updates to help ensure that our standards are international in scope. However, the BACB does not assure or guarantee consistency with the standards (educational content, training, and laws) for any country, province or region outside of the United States.

Application Policies & Guidelines

The BACB requires all applicants for examination to send their supporting documentation in a **single, complete submission**. In other words, all documentation of degree, coursework, experience, college teaching, BCBA reviews, CVs, etc. for a particular applicant must arrive at the BACB offices in a single package. Incomplete submissions will incur a \$50 fee for the cost of additional processing.

BACB examination applications are accepted on a continuous basis. BCBA-level examinations are computer-based and offered during month-long testing windows four times per year. Exact dates of the testing windows are available on the [Exam Dates](#) page of our website.

Applications are processed in the order in which they are received. **The BACB cannot guarantee that your application will be approved by a specific date.** If you would like to take the examination during a particular testing window, it is your responsibility to ensure that your application is complete and received well in advance of that testing window. See the [Exam Dates](#) page for time-frames related to upcoming administrations.

Checks included with applications are typically deposited right away. Your check will probably be deposited before your application is reviewed. If your check has cleared your bank, it is a likely indication that your application has been received. You should allow at least two weeks for processing beyond the date your application is received.

Once your application is approved by the BACB, you will receive specific instructions on how to contact Pearson VUE, our test administration company. Pearson VUE can provide up-to-date information about the availability of testing sites and dates once you are authorized to schedule your appointment.

Please note: Pearson VUE testing appointments may only be scheduled once your application has been approved by the BACB. Appointments are scheduled on a first-come, first-serve basis. We highly recommend applying early to foster timely approval and scheduling of your testing appointment. Individuals whose applications are approved closer to the testing window dates may have limited choices in testing appointments. Approval to take the examination is valid for up to two years from the date your application was approved by the BACB, subject to continued compliance and reporting as required by the BACB Disciplinary Standards.

Email is the BACB's primary communication mode with applicants. If additional materials are needed to complete your application, we will notify you via email as soon as possible. Checking and responding to your email frequently can expedite your application approval. The BACB is not responsible for messages that are not received in a timely manner due to the applicant's failure to check email or due to the applicant's failure to notify the BACB of an email address change. To ensure that important messages from the BACB are not blocked by SPAM and junk email filters, add applications@bacb.com to your address book and BACB.com to your list of safe domains.

If your application is not approved for any reason, such as incomplete documentation, you will not be permitted to sit for the test. It is best to apply well in advance of your desired testing window so that there is adequate time for the BACB to process your application and for you to secure an examination appointment.

Training/Experience Requirements: Definitions

All applicants must provide documentation that they meet the degree, training and experience requirements in order for their applications to be approved. This application is for the Doctorate and Experience Option for Applicants from Non-English Speaking Countries and following this page is a checklist for the Doctorate and Experience Option. Please make sure you have the correct application for the option you would like to use. You should use the checklist below to ensure you have included all of the required documentation with your application. Do not include the checklist page with your application.

Acceptable Degree & Experience: Doctorate/BCBA Review Option

Applicants qualifying under the Doctorate/BCBA Review Option must have a doctoral degree, conferred at least ten (10) years ago, in behavior analysis, psychology, education or another related field (subject to BACB approval and at least 10 years post-doctoral experience practicing behavior analysis. Experience must be verified by three BCBA certificants who complete BCBA Review forms documenting the experience.

Important Note: *Effective January 1, 2016, new requirements for this pathway to BCBA certification went into effect. Any application for BCBA-level certification that is received after, or is incomplete as of December 31, 2015 will be subject to these new requirements, [found here](#).*

These changes will be phased-in over a longer period of time for applicants in non-English speaking countries who may only be able to sit for the BCBA examination when it is available in their language.

Non-English speaking individuals, for whom a translation of the examination is already available (i.e., Italian, Hebrew, and Spanish), will have until September 30, 2017 to apply for BCBA eligibility under the current Option 3 standards.

Those who wish to take the examination in a language scheduled to be available in the future will have two years after the first available administration of that examination to apply and become eligible through the current Option 3 standards. For example, when the Chinese BCBA examination becomes available in February 2017, Chinese speaking applicants will have until February 28, 2019 to apply and become eligible for the examination under the current Option 3 standards. After February 28, 2019, Chinese-speaking applicants must meet the new version (January 1, 2016) of the standards in order to qualify under Option 3.
